your ideas are like your children,
you don't want them to go into the world in rags

=julie childs, do you like being famoius
well you get used to it

How to Speak Patrick Winston

March 24, 2022   5:22 PM

https://en.wikipedia.org/wiki/Patrick_Winston

How to start	informing	how to stop
	informing promise inspoiration how to think	NO THANK YUOU weak movbe joke - ok (make people think had fun whole time
the tools time&place boards & prompts projections	persudaing job talks getting famous	gov chrity - benediction ending - god bles you and god bless ameria (weak)
	job talks - was at a bar with data science peeps	clinton - if that is wht you want if that is what you believe you must vote and you must re-elect obama don't have to say thank you
		concert over when condutor shakes hand with chorus
		ok salute audience I look forward to coming back I find all o fyou very stimulated I salute you how you package your ideas and next time you come back I suggeest you bring your friends

board	props	job talks
pointing at board as an approach speed target	playrights have propers figured out. letting a ball sweing on pendumlum to talk about a more chaulk, less talk	vision done something (how long 2 estiblish = 5 min) vision- what your problem + what your approach (answer questions what makes us different) we are symbolic creatures
	empathetic mirroring - writing on blackboard can feel now wrioting on the board	how show done something here what needs to be done understand constraints detail how work conclude -
		conclude by enurmerating your contributions - helps to establish that you have done something.

need some kind of symbol w ur work

story
how u did it
why it works

symbol
arch

slogan
phase
one shot learning

salient idea
need one that
stickis out

surprize
don't need a million examles

My job teach people how to thing
story telling animals
failur to situate / failure for context

send out slides in advance, can halluciate materials in slides that isnt there
practice with people you don't know

Important rules

- Do not read

The laser pointer crime

An attemtp will be made to fine how to make machines
use language, form abstractions and concepts, solve kinds
of problems reserved for humans and improve themselves
1st standard machine conference

The too-heavy crime

An hapax legomenon

NO CONCLUSIONS
NO THANK YOU

SHOW CONTRIBUTIONS
FINAL POINT - WHAT GOT OUT OF IT

Contributions

- Argued uniqueness of human intelligence.
- Demonstrated culturally biased understanding, persuasive retelling, schizophrenic behavior, and self-aware machines.
- Offered steps toward a better understanding of ourselves and each other.
